

EXTREME MUD TERRAIN

The Geolandar X-MT is engineered for today's hard core mud and rock-crawlers. Constructed with GEO-SHIELD technology, this proud addition to the Geolandar line-up delivers undeniable traction, ruthless performance and the strength required to get you to the top.

Wide Flat Profile

Nature Rock
Concept Design

Wide Lug Groove

Technical Features

Triple Polymer
Compound

Aggressive Tread

Enhanced Sidewall
Design

Optimised Lug
Grooves

Wide Flat Profile

Benefits

Longer mileage, anti-cut & chipping, extreme handling and off-road traction.

Extreme off-road traction and superior crawling performance and self-cleaning capabilities.

Tread design extends onto sidewall for extreme off-road traction, durability.

Off-road traction & increases wet braking performance.

Distributes stress evenly across the entire tread resulting in longer wear.
