

ADVAN PERFORMANCE & HANDLING

The ADVAN FLEVA V701 is a high performance sport tyre suitable for sport hatch and sedan performance cars. It offers agile handling in wet and dry conditions and is surprisingly quiet and comfortable for a sporty tyre.

Reviews by Tyre Professionals

"Quiet overall. High levels of grip particularly during high speed lane changes and the swerves and recovery always felt safe."

"Tyre had far better steering response giving me more confidence to push the product harder."
