

ALL TERRAIN, ALL THE TIME

Go beyond where the road ends and experience limitless adventures with the Yokohama GEOLANDAR A/T G015.

Engineered to provide ultimate traction where others fear to tread, the GEOLANDAR A/T G015 is suitable for SUVs, 4WDs and Utes. It provides durability, long tread life, off-road traction, on road handling, low noise and a comfortable ride.

Available in PC and LT constructions, the reinforced casing has improved resistance to cuts and chipping, temperature changes and wear due to its exclusive compound developed specifically to ensure it is suitable for a diverse range of surfaces.
